Haliburton bantams lose

A busload of hockey players and fans travelled to Picton last Sunday for the first game of the All-Ontario Quarter-Finals between Haliburton Bantams and Wellington.

In the first period, Wellington opened the scoring on a goal by Richard Fox, on a pass from Bod Sinden.

Early in the second period, Wellington's Robin Selman scored from Richard Fox and the period ended 2-0 for Wellington.

In the third period the Haliburton Bantams came out strong and at the two-minute mark, defenseman Joe Roberts scored on a passed from Mike Scheffee.

Haliburton had several other chances but could not put the puck in the net.

Dale LaPorte starred in goal. Larry Stinson, Joe Roberts & Martin Gillies played a strong game.

These two teams play in Haliburton on Friday, March 8. Game time is 9 o'clock.

An event cannot be a success unless you have a good leader at the head of things. The Haliburton Winter Carnival was a great success this year mainly due to the efforts of its hard working chairman Bill Emmerson in the above picture Bill is shown on the right

using his walkie Talkie to direct activities on Head Lake during the Sunday afternoon Novelty Snowmobile races. On left is Mervyn Elstone who was another king pin behind the Sunday afternoon Snowmobile races.

Rotarians visit Hyland Crest home

The members of the Rotary Club of Haliburton moved last Thursday's meeting from the United Church in Haliburton to the Hyland Crest Senior Citizens Home in Minden.

The meeting was held at Hyland Crest on the invitation of Mrs. Bursey, the administrator, in order to better acquaint the Haliburton club with one more of our counties facilities.

Those who didn't want to drive down to Minden in their own cars had the opportunity of boarding one of Travelways buses for the trip.

On arrival at Hyland Crest the members had the opportunity to visit with the residents and many old acquaintances were renewed. For many of the Haliburton Rotarians it was their first look at this magnificent building. As one member put it, that it was just like staying at the Royal York.

Following a very delicious dinner the members retired to the Auditorium for an address by Mr. A. C. Thornhill, a consultant with the Home for the Aged Branch of the Ministry of Community and Social Services. Mr. Thornhill who was present when the Hyland Crest was first opened said that he always had a personal interest with the home in Minden and was always happy to come back to Minden.

In his address Mr. Thornhill pointed out the new outreach program of his branch and outlined the day care program and day resident program now available.

Mrs. Bursey was introduced by Rotarian Gerald Dawson who in turn introduced Mr. Thornhill. The guest speaker was thanked on behalf of the Rotary Club by Rotarian Murray Fearrey.

Following the meeting the Rotarians were treated to a tour of the home by Mrs. Bursey and Syd Brown.

Executive elected

Lake Kashagawigamog tourist

At a meeting held Wednesday, Feb. 27, the L.K.T.A. elected its executive for 1974.

Dennis Casey, representing Birch Point Lodge, was appointed President, Ron Tyler of Haliburton Air Service was appointed Vice-President, and Wentworth Hogg from Wentworth's Marine and Frank Dunsford from Dunsford's Groceries were appointed chairmen of Ways and Means.

Appointed Directors were Bruce Henry of Halimar, and Art Ward of Wigamog Inn, both past presidents.

'Aimed at keeping Liberals in power'

Scott knocks Throne Speech

Asked to comment on the Speech from the Throne which was delivered at the opening of parliament in Ottawa Wednesday, Victoria-Haliburton MP, William Scott called it a middle-of-the-road approach that appeared to be aimed at keeping the minority Liberal government in power.

Commenting on the speech from his Ottawa office, he said there were several matters he expected to be dealt with in the Throne Speech that were missing, and other matters were dealt with in general terms with no specifics.

One matter that concerned the Victoria-Haliburton member was the lack of a

demand for a public enquiry into the affairs of the Unemployment Insurance Commission. He said the Speech only suggested a review of the matter when estimates now predict a \$500 million deficit following a 174 million deficit in 1972, and all this despite increased contributions.

He said he was concerned that there were no provisions suggested for a program to immediately combat inflation, which he expected. He said he thought there would be more specifics on this situation.

He said the old story is used that inflation is caused by outside pressures, however, international inflation

actually accounts for only half of the increase.

He said Statistics Canada show that the average weekly earnings in Canada increased 9.1 per cent in 1973 while the cost of living increased 5.9 per cent. He said statistics show, for example, in the third quarter of 1973, imports effected the consumer prices by only 3.0 per cent whereas domestic inflation was 5.2 per cent.

"There was no mention of dropping the federal sales tax on clothing or building materials that I expected, and there was no mention of a reduction of personal income taxes while tax increases last year collected more money than was

needed," Mr. Scott continued.

He said there was some mention of a National Petroleum Company and an extended pipe-line, but more specifics could have been given on this view of last fall's proposed energy crisis in Canada. He also noted food prices increased 14.6 per cent last year and another 10 per cent increase in predicted for this year and still no specific program dealing with the inflation was outlined.

In conclusion he said the Speech from the Throne was a middle-of-the-road affair with broad coverage and no specifics.

Bill Scott, M.P. Constituent Representative for the ridings of Victoria & Haliburton Counties, recently addressed a meeting of the members of the Lindsay-Haliburton Real Estate Board, held in Haliburton. As a Government Representative, Mr. Scott last year travelled to Germany and Cyprus. He focused his talk on Cyprus, giving the members a vivid word-picture of the basics of history, cultural heritage, current problems, and day-to-day life in Cyprus. Pictured with Mr. Scott, is Jack Huston, President of the Lindsay-Haliburton Real Estate Board.

Cam Botting, Derrell Stamp

Haliburton players star in Niagara Falls

Two Haliburton County hockey players Cam Botting of Eagle Lake and Derrell Stamp of West Guilford are both making a name for themselves with the Niagara Falls Flyers of the Southern Ontario Junior Hockey League. The two former Haliburton Huskies Juniors are now involved with their team in the SOJHL playoffs.

The following write up is taken from the Niagara Falls review newspaper of Feb. 27.

Named as the team's most valuable player in the Flyer trophy presentations which followed last night's second game of the SOJHL playoff series, husky left winger Cam Botting had indeed proven his worth just 20 minutes previously.

It was Cam's goal on a short-handed rush early in the final frame which turned out to be the game winner as Flyers hung on to nip the visiting Welland Sabres 5-4 before the largest home crowd of the year to even their quarter final series at one game apiece. Botting's marker had lifted the Flyers into a seemingly-comfortable 5-2 margin before a rash of home penalties opened the

door for two Welland power play markers.

The goal which proved to be the winner which was scored by Cam Botting was assisted by Derrell Stamp. "I didn't have much room to score from such close range and from an awkward

position," revealed Botting after the game. "I just drove the puck at him and it hit his pad and seemed to roll up and then drop down and over the line. "But I'll take it", grinned the good natured Botting.

In addition to Botting

being presented with the Drummond Sport and Cycle Trophy as the most valuable player at the game's and Derrell Stamp was named as the Caverly Hotel Trophy recipient as the most gentlemanly player.

Canadian Parabolic Skydiving Team which performed at Winter Carnival on Sunday afternoon.

Haliburton Newsletter

The Rotary Club which sponsors the annual Haliburton Winter Carnival has just finished one big event and is already making plans for next year's. Several changes and suggestions have been brought forward for next year's winter Carnival.

+++++

Friends of Neil Gregory will be saddened to learn of his passing at Lindsay on Sunday, Feb. 24. The Late Mr. Gregory was well known in the Haliburton area. He was an ardent curler and very active in all community activities in Lindsay.

+++++

The Glen Dart Memorial Hockey Tournament is all set for the Haliburton Arena this coming Saturday, March 9. The all day tournament will feature seven games with teams from Kilmount, Wilberforce, Minden and Haliburton. This tournament will feature the Haliburton County House League Finals. So this Saturday why not drop up to the Arena and see this thrilling hockey action. The first games commence at 9 a.m.

+++++

Several cars have been noticed driving along on Head Lake. We don't know whether this is against the law or not but it would seem to us that it is a very dangerous practice when you consider the fact that a great number of snowmobiles are always on the lake.

+++++

The Haliburton Rotary Club are sponsoring a Trapper's night at the Legion Hall on Thursday evening March 14.

+++++

In the past we have handed out some bouquets on the wonderful way that our highways and sideroads have been kept clear of snow during the winter months. We neglected to mention the great work of the local men who work with the Department of Transportation and Communications (formerly Department of Highways.)

+++++

Miss Genny Nixon of Toronto was a weekend guest of Sue Stethem of Haliburton.

+++++

Under the Pic of the Past photo in last weeks paper we stated that the picture was taken in 1932, it should have been 1947.

Minden staff participates in 'Forest Products Day'

by: Dave Leader,
Private Land Technician,
Minden District.

The Minden District staff of the Ministry of Natural Resources was asked to participate in "Forest Products Day" at Haliburton Highlands Secondary School in Haliburton on Jan. 31, 1974. The Ministry exhibit was one of five in this event sponsored by the Forest Products Accident Prevention Association (F.P.A.P.A.)

Intended mainly as a career day, it served to acquaint students with the employment prospects within the forest industry in Haliburton County.

Given a 25' x 40' space in the school gym, the Ministry presentation consisted of a slide-tape showing of "Trees For All of Us Always" - a production of Don George of the Algonquin Park District. On either side of the screen were set up photographic display panels depicting logging as it is today compared to yesteryear. These were obtained from The Ministry Head Office in Toronto. Two tables in front of the screen held samples of tree biscuits (log cross sections) comparing growth rings before and after release (removal of competing trees nearby), samples of the different species of wood

Catches big fish

Kinsman's Cottages on Boshkung Lake was the scene of much activity and excitement last week when a guest, Mrs. Ozzie Muranka, of Toronto had the good fortune to catch a 32-inch, 17-pound 12-ounce trout.

It took Mrs. Muranka, more than half an hour to land the fish on a ten-pound test line. Congratulations to Mrs. Muranka.

found throughout the area, as well as some of the publications put out by the Ministry.

The exhibit was viewed by some 580 students and 20 teachers during the course of the day (15-20 minute sessions with 40 students each). It required four Ministry staff to operate the audio visual equipment and to answer questions. In addition, 40 members of the Haliburton Rotary Club were given a special evening presentation.

From Haliburton this same display went to the North Hastings High School in Bancroft where a similar presentation took place on Feb. 5.

The presentation of exhibits met with favourable response from students, teachers and Rotarians alike. Forest Products Day just may become an annual event.

COUNTY... where life is living - for everyone

Kinsmen, Rotary clubs to meet in hockey game

The two service clubs in Minden the Kinsmen and the Rotary who have given a lot of service to that community and have helped a great many worthy causes have decided to take to the ice and see which club is the best at the game of hockey.

The two clubs have decided to play their exhibition hockey game at the Minden Arena on Saturday night March 9 with

face-off time 8. p.m.

The Rotary Club already has one game under their belts this season should be in a little better condition than the Kinsmen, but youth should be on the side of the Kinsmen boys.

All in all it adds up to a night of hockey and with a bit of comedy thrown in. So why not be on hand at the Minden Arena this Saturday night for the big game.

Fur prices still high

Again, on Feb. 8, the prices received at the North Bay Fur Sale were gratifying. The prices were as follows:-

	AVERAGE	HIGH	QUANTITY SOLD
Beaver	23.28	70	55,005
Fisher	65.27	128	2,926
Wild Mink	12.69	38	8,556
Red Fox	41.38	98	11,295
Cross Fox	83.18	180	401
Raccoon	17.62	44	38,632
Otter	49.32	110	2,806
Sable	13.09	32	10,722
Lynx	97.64	158	2,445
Wolves	42.48	122	378
Black Bears	65.42	300	173
Wolverine	74.93	108	42
Muskrat	2.77	510	120,638
Castoreum	13.21	20	1,861 Lbs.

Open letter to William Scott, MP

Dear Mr. Scott:

The Canadian Transportation Commission has just ordered C. N. to operate a rail service between Barrie and Toronto. Mr. John Medcof, Chairman of The Railway Boosters, requested a hearing under section 262 of the Railway Act which states in Subsections (1) (3) and (6) that -

"262. (1) The company shall, according to its powers, (a) furnish, at the place of starting, and at the junction of the railway with other railways, and at all stopping places establish for such purpose, adequate and suitable accommodation for the receiving and loading of all traffic offered for carriage upon the railway; (b) furnish adequate and suitable accommodation for the carrying, unloading and delivering of all such traffic; (c) without delay, and with due care and diligence, receive, carry and deliver all such traffic;

(d) furnish and use all proper appliances, accommodation and means necessary for receiving, loading, carrying, unloading and delivering such traffic; and

(e) furnish such other service incidental to transportation as is customary or usual in connection with the business of a railway company, as may be ordered by the Commission.

(3) If in any case such accommodation is not, in the opinion of the Commission, furnished by the company, the Commission may order the company to furnish the same within such time or during such period as the Commission deems expedient, having regard to all proper interests; or may prohibit or limit the use, either generally or upon any specified railway or part thereof, or any engines, locomotives, cars, rolling stock, apparatus, machinery, or devices, or any class or kind thereof, not equipped as required by this Act, or by any orders or regulations of the Commission made within its jurisdiction under the provisions of this Act.

(6) For the purposes of

this section the Commission may order that specific works by constructed or carried out, or that property be acquired, or that cars, motive power or other equipment be allotted, distributed, used or moved as specified by the Commission, or that any specified steps, systems or methods be taken or followed by any particular company or companies, or by railway companies generally, and Commission may in any such order specify the maximum charges that may be made by the company or companies in respect of any matter so ordered by the Commission."

A check on the train service to Lindsay and Haliburton reveals "no one from Lindsay, Haliburton or intermediate points has requested train service." Such request should be made now.

The present energy crisis will keep more and more people off the roads. The Kawartha and Haliburton areas will die when this happens. Tourists will no longer vacation in these areas, unless proper train service is provided. What about the local residents? Are they not entitled to service comparable to other areas in Canada, particularly Quebec?

Are you aware the Stouffville Commuter dead-heads back to Toronto every evening, they dead-head out in the morning to bring people from that town to Toronto? Lindsay was a rail centre. Why does this commuter train not terminate in Lindsay on week days, and extend to Haliburton for week end service?

I attach a copy of my submission to the Transport Commission, dated April 9, 1973. That submission outlines this type of extended service and I also submitted a proposed time table which would not interfere with the existing schedule. There has been no action taken on this matter, and I believe it is because it was not submitted, nor supported by any area resident.

Some one in the area in

question should head up the project "Return of Rail Service to Lindsay and Haliburton". This some one should be train oriented; able through the press and other media to involve the citizens. Requests from every stop on line between Stouffville and Haliburton should be forwarded to the C.T.C. Councils should formally support the requests. Letters should be written at regular intervals, with copies to the Provincial and Federal Governments, asking when this service will be re-instated.

What will this service cost? The C.T.C. now pays 80% subsidy on the dead-head operation between Stouffville and Toronto. On a cost effective basis the subsidy to terminate in Lindsay would be less than the present. Lindsay would be once again a rail centre; reaping the benefits of employment in the area; but the unmeasurable factor is service to the area, after autos are no longer jaunting to these places every week end because of the cost of gasoline, predicted to reach \$1.50 per gallon, in the near future. European countries are now paying over \$2.00. Our Prime Minister has announced that controls will be eliminated at the end of March. I recommend you read the book prepared by Mr. J. C. Rea, Chief of Transport System Appraisal, for the C.T.C. It is report #76, covering a study in the Bruce Peninsula, published in December 1973.

Residents of the Lindsay and Haliburton Area, it is time to show an interest in your own well being. I am sure that neither Canadian National, C. P. Rail nor the Federal Government will give you service without some effort on your part. The time is now; send your letters to Mr. J. D. Beaton, Secretary, Railway Transport Committee, Canadian Transport Commission, 275 Slater Street, Ottawa, Ontario, K1A 0N9.

Yours very truly,
A. H. Eyres
Toronto.

Letter to the editor

To the editor:

I am one of the cottage owners on Kashagawigimog Lake who enjoys the summers and boating on that lake system.

We have many friends in that area and we have discussed the topic several times of why the proper authorities whoever they may be do not do something about cleaning out the water channel from Grass Lake into the Town of Haliburton. This winding course and many hazards does little to

compliment the approach to your town.

One source told me it was a federal affair, if so could not a local service club, council or organization take an appeal to the local federal member. Possible I am out of tune on this subject and possibly there is something already in progress on the project I hope there is.

I am sure if a service club made an appeal for funds to subsidize such an improvement that hundreds of boaters would be glad to buy tickets to have this channel

improved.

Haliburton area with its fine lakes is one of Ontario's finest tourists havens. This project of cleaning the river approach both from a highway and water viewpoint would be a great step in inviting good boating friends to your town.

I am sure Mr. Editor there are many like myself who would be glad to hear from you with some answer or suggestion on the project.

C. W. Hendricks
Markham, Ontario.

Editorial

Ice-covered lakes can be death traps

"March comes in like a lion and goes out like a lamb". You've heard that said a hundred times.

It's the "out like a lamb" part that worries the Red Cross water safety service. Every year sudden thaws, followed by quick freezes followed by another thaw make the ice-covered waterways of Canada death traps. These weather conditions create "rotten" ice-ice which has a depth that appears safe, but ice which is honeycombed with air pockets so that ice crumbles under the skater or walker, plunging him into the ice depths beneath. Children who have skated in safety on the local pond or cove through winter's icy blasts, do not recognize the danger until it is too late. Ice fishermen, used to spending the weekend far from shore, don't recognize the danger until it is too late.

There is only one way to be safe as winter ends--stay off ice surfaces. Red Cross water safety has lots of rules and tips and safety precautions to help you survive in water, but

water with a temperature just above the freezing point knows no rules. Within a few seconds after entry into icy water, the human body is paralysed; unconsciousness follows quickly. It is a particularly unpleasant way to die.

There is a much more exciting way to spend the tag end days of winter. Use them to get a head start on summer fun. Enroll in a swim class to upgrade your skills; put away the ice-fishing tackle and tie new flies for the summer season; check over the boat and do the sanding and varnishing or painting which has to be done; overhaul the motor; check the paddles, rope and anchor.

March is Red Cross month in Canada. Red Cross reminds you of the long, hot summer coming up when a whole season of fun is yours for the enjoying.

March is the month when Red Cross asks for your support to carry on its many vital community services. Please give generously when the volunteer canvasser calls on you.

VILLAGE OF HALIBURTON, FROM A PHOTO TAKEN IN 1878.

Pic of the Past

Our Pic of the Past this week is the village of Haliburton, from a photo taken in 1878. This is one of the oldest photos of the village that we

have on hand. Our thanks to Pete Sawyer of Hall's Lake for the use of the picture.

I LEARN ABOUT
MODERN NURSING

BILL SMILEY

Some days you can't win a nickel. Today is one of them. Outside, it's bucketing down wet snow to clog my driveway. Inside, I'm getting the 'flu, and my jaw is aching from a going-over the dentist gave me.

And downstairs, two women are squabbling about how to bring up my grandson.

Yes, the little chap is paying his first visit to the old family home, and he's the only bright note in the day.

Think I'll sneak down and have another look at him and try to cheer myself up.

There, I did. And I feel better. He's a dandy little fellow. He's fat, and he smells like a baby, and he produces the occasional lop-sided grin, as though he finds the world amusing. He doesn't know the half of it. It's not only amusing; it's ridiculous.

And two of the more

ridiculous aspects of it right now are his mother and his grandmother. One has had a baby for six weeks and thinks she knows all about babies. The other hasn't had a baby for 22 years, and she thinks she knows all about babies.

My role is to try to apply some common sense, but it's about as effective as throwing oil on a fire to put it out. They both turn on me and assure me that my knowledge about babies is about as capacious as my knowledge of heaven.

In fact, I know all there is necessary to know about infants: keep them warm and dry and well fed, and they'll be happy. They're just like human beings in that respect.

This little guy is certainly getting that treatment. If his mother puts a fresh diaper on him, his gran has got it off and put another on before he has a chance to wet the first one.

And he's certainly not

suffering in the groceries department. He's gulping great quantities of the pure, unadulterated stuff nature intended for him.

There have been rhapsodies written about the beauty of a child nursing at its mother's breast. And I must say it's something to see her cuddling him up to one side and reaching with her free hand for her bottle of beer. She got that out of a baby book, which, so help me, suggested nursing mothers have a bottle of beer to break the monotony or keep the flow coming, or something.

This is a little digression, but I was almost fully grown before I learned that my basic idea about nursing mothers was wrong. Another kid told me, when we were about six, that there is porridge in one breast and milk in the other. That's why they switch the baby over.

Yep, there's nothing like a baby around the house.

That kid just don't get to cry. Someone snatches him up the minute he bleats once. Even I.

And my wife is having a great time getting out all the pictures of our kids when they were babies, to see whom he "takes after." The latest notion is that he looks like his Uncle Hugh at that age. I think he looks like Churchill. For once we're in agreement, because Hugh as a baby looked much like Churchill as an elderly man.

And his granny is away ahead of the game on clothes. She's bought him a white summer suit, and a blue bunting bag for next winter. Next winter, already.

I haven't bought him a thing, but I have a furtive foreboding that that urchin is going to cost me plenty, over the years. If the cost of records and fishing tackle and hockey equipment keeps going up, I'll be beggared before he's into high school. I seem to be

the only one in the family making a buck these days.

His mother and father have great plans for him. One is a musician and the other an artist, so they think he's going to be some kind of genius. That's what I thought about my kids too. One is a waiter, the other is a young mother.

However, if I use all my craft, perhaps I can lure him away from the decadent artistic life, and turn him into a pretty good angler, or something useful like that.

It doesn't really matter what you plan for a kid, of course. In this crazy world, nothing is clearer than that the best-laid plans nearly always go a-gley.

All I hope for little Nikov is that he gets a charge out of life, allows himself to love and be loved, and is healthy.

Oh, yes, and one other thing: that he's twice the man his grandfather is.

The Argyle Syndicate Ltd.

Along The Trails

Compiled by
Roy Bates

We have just received the Ontario Federation of Snowmobile Clubs' official bulletin, O.F.S.C. NEWS. It is an informative little booklet mailed quarterly to all members. From it we have gleaned the following interesting items:

Quebec has removed the limit on club subsidies. Prior to September 29, 1973, the Quebec Government limited, under Regulation 7, the per annum subsidy of an approved snowmobile club to one-third of the total income of the club. With the limit removed it is estimated the amount for grants this year will total \$500,000.

The British Columbia Snow Vehicle Association reports a growing interest in the sport by the Provincial Government. A grant of \$2,500 was received from the Minister of Recreation and Conservation, with a promise of that much more, to aid in safety programs. Support also from Mr. R. H. Ahrens, Parks Director for B.C. who said, "Just as we build facilities for campers we should build trails for snowmobiles."

In Nova Scotia every \$1,000 raised by a snowmobile club for trails, education or facilities will be matched by the Nova Scotia Government with an equal amount. To qualify for the subsidy clubs must be affiliated with the Nova Scotia Snowmobile Association.

What is Ontario doing with the \$2,000,000 it collects from you? Snowmobiling is extensively covered in the new "Winter Adventures" book published by the Ministry of Industry and Tourism.

The Haliburton County Snowmobile Association has submitted membership fees to the OFSC on behalf of 128 individual and club members. Before the season ends that number will be increased by perhaps another 60. Only two clubs have seen fit to support the HCSA this year. They are the Donald Windigos and the Whitney Hill and Gully Riders. Commercial memberships are also down from last year but individual memberships have almost doubled. A good portion of these are cottagers and other "outsiders" who seem to see the value of organization where many resident snowmobilers are happy with things the way they are.

They may not be happy long. For it has already been announced that by the '75-'76 season or sooner all roads will be **OUT OF BOUNDS**. Obviously, to make such legislation practical, the government must become involved in the provision of alternatives. How much they will do depends to a very great extent on the strength of snowmobiler organizations. It is now more than ever imperative that the OFSC, the HCSA and your local club have your support. The government will recognize the Ontario Federation of Snowmobile Clubs and all of its members. It is doubtful if much attention will be paid to small groups persisting in going it alone. Make sure the club you join is an OFSC affiliate.

The HCSA has resolved to call a spring general meeting. This will be as soon as possible after the OFSC convention, April 26 to 28 at Niagara Falls. Our voting delegates to this convention (two allowed) are Pat Hucal and this writer. **ANY MEMBER** may attend. For further information consult your copy of OFSC NEWS.

Don't forget the Snowball Express No. 2, coming up at the Haliburton Legion March 16th. For tickets see Pat Hucal or any HCSA executive member.

Meeting of the Council of Anson, Hindon & Minden

The Third Meeting of the Municipal Council of the Townships of Anson, Hindon and Minden. With Reeve Reg. Booth in the Chair. Deputy Reeve Doug Pritchard, Councillors S. Brandon and A. Coneybeare.

Richard Parisotto, Clerk-Administrator J. Earl Hewitt, Road Superintendent Richard Schell, By-law Officer.

D. Pritchard-A. Coneybeare That the minutes of the meeting of January 23, 1974 be approved. Carried.

Letter was received from Mr. D. K. Griffin expressing concern for effects of road widening in recent years. Mr. Griffin to be advised of the major causes of the problem.

The Clerk was directed to initiate the procedures for extensions for the Sewer lines.

74-47 That the tender for 10,000 cubic yards of crushed gravel by granted to Thompson Crushed Stone & Gravel Limited in the following amounts: Single Stage - \$.95 per cubic yard, 2 Stage - 1.35 per cubic yard. This being the lowest tender received and subject to approval of the Ministry of Transportation and Communications. Carried.

74-48 That the quote Koppers Ltd. for one galvanized multi-plate pipe-arch be accepted in the amount of \$5,422.80, being the lowest quote received and subject to the approval of the Ministry of Transportation and Communications. Carried.

Mr. Jack Cox, P. Eng., County Engineer was present to discuss possible purchase of municipal property for county purposes. Mr. Don Finn and Mrs. Ila McKenzie were present to discuss Mrs. McKenzie's proposed severance in Lot 10, Con. 5, Minden Township. The Matter was clarified to the satisfaction of the council.

Mr. G. Samells and Mr. Fred Rolfe were present to discuss the fire protection

agreement with the Ministry of Natural Resources.

Mr. Ross Warburton was presented to discuss a claim for one ewe apparently killed. Due to lack of concrete evidence, no claim could be approved under the Dog License, Livestock and Poultry Protection Act.

Letter was received from the Chamber of Commerce requesting the Municipality assume total responsibility for the Information Booth on Hwy. #35.

74-49 S. Brandon-D. Pritchard: That the Municipal Representative to the Haliburton Highlands Chamber of Commerce be empowered to negotiate with the Chamber the total assumption of the Minden Information Booth by the Townships of Anson, Hindon and Minden. Further that any decision shall be finally made by this Council. Carried.

Mr. Bob Scott of the Ambulance Services Branch of the Ministry of Health was present to outline a suggested first aid course for ambulance attendants and the general public. Mr. Scott agreed to initiate his program as soon as possible and Council offered total co-operation in this regard.

74-50 D. Pritchard-A. Coneybeare: That we approve membership in the Association of Municipalities of Ontario for 1974 in the amount of \$30.00. Carried.

74-51 A. Coneybeare-S. Brandon: That the Road Accounts be approved in the amount of \$9,976.71. Carried.

74-52 D. Pritchard - A. Coneybeare: That the Accounts be approved in the amounts of General - \$12,300.31 Water - 401.14. Carried.

74-53 A. Coneybeare-D. Pritchard: That applications #74-9 and #74-10 under Section #636A of the Municipal Act be approved in the amount of \$237.60. Carried.

74-54 A. Coneybeare-S. Brandon: That we petition

for subsidy on the amount of \$146,506.25 for 1973 from the ministry of Transportation and Communications. Carried.

The Clerk-Administrator outlined the basic proposals negotiated with the Scouts Organization for the Trees for Canada Project in

APRIL AID

The income tax help system and how to make it work for you.

As you know by now, we changed a lot of things last year. We gave you a new return, a new Guide, several new deductions and a few new rules. And quite honestly, we were more than a little concerned about your reaction to it all. (And very, very interested in your opinions.)

Well, now that we've had time to really look back at it and assess it honestly, it appears that most taxpayers did not seem to find it too difficult. The error rate did not accelerate greatly or change drastically from former years. Generally, most taxpayers seemed to handle their new returns fairly well.

However, Income Tax will never be the easiest or most enjoyable thing in anyone's life. And it will always present problems in some areas, for some people. That's expected and understandable.

So, what we want to do now is really work on those problem areas. And the best way to do that is to work with you, individually, on whatever part of Income Tax that causes you difficulty.

And that's what April Aid is all about. It's a help system and its primary objective is to ensure that whenever or whatever you need help with, you can get it. And know how to get it.

And this is how it works:

First. Your Guide is always the best answer when you have a problem. Read it. Follow it. It not only gives explanations, but in many cases, examples of just how to figure something out.

Second. If you're still confused or something just doesn't seem to work, phone. The number of your own District Taxation Office is below and at the end of that number there are people whose only job is to help taxpayers with problems, by telephone. And on Mondays and Tuesdays phone lines are open 'til 6 p.m. So don't hesitate. If you live outside the office area, call the Operator and ask for Zenith 0-4000. She will automatically connect you to your own District Taxation Office. Remember, all calls are free, all questions are answered, and if you have queries, we want you to call.

Third. Some people prefer to talk things over in person. If you're one of them and have problems, drop by for free help. Anytime. The address of your District Taxation Office is below.

Fourth. Write. To the address below. Explain your problem as clearly as possible and include all information. (And your return address, please.) In return, we'll answer all letters as quickly and clearly as possible. Remember—if you need help, it's there. (And free). And all you have to do is ask.

April Aid.
The Income Tax help system.
Let's make it work for you.

**Together,
we can get it
done.**

Tourism training stepped up

A concentrated, international effort to overcome existing prejudices and misconceptions about tourism occupations, along with a stepped-up training program for that industry, are necessary for orderly tourism development, Sir Sanford Fleming College instructor Denny Williamson recently told delegates to an international conference in New York City.

Speaking as a panel member at the American Management Association's first annual meeting on international travel and tourism, Mr. Williamson said jobs in the hospitality industry must be "elevated to a level of dignity and popular acceptance that the present era of technology and rapid progress demands."

"It is most important that tourism vocational training be an integral part of tourism development and the continuing operation of its components," he said, but

he added that it is not enough to have teachers, schools and other means for acquiring this skilled manpower.

"Professional advancement and promotional opportunities together with working conditions and wage and salary levels for people within the tourism industry will have to be brought in line as quickly as possible with those of other industries," he said.

"The low profile associated with jobs throughout the tourism field must be improved if, over the long term, it is to attract the quality of manpower it requires."

Mr. Williamson was the only Canadian panel member at the three-day meeting, which concludes February 13 and attracted delegates from the governments of various countries and from many of the major companies involved in tourist movement and accommodation.

The former chief of the international division in the office of tourism of the Federal Department of Industry, Trade and Commerce, Mr. Williamson is teaching in the three-year tourism and transportation course at Sir Sanford Fleming College through the Federal government's career assignment program.

Mr. Williamson was also the only panelist to discuss education for the tourism industry.

He pointed out that mass tourism has come to stay, and, while all nations are attracted to tourism because

of its economic impact, they are beginning to realize its importance as an avenue to desirable social change, the preservation of culture and traditions, and the promotion of international goodwill and understanding.

He noted that large amounts of money are being spent to create tourism master plans and development strategy based on sound research, planning and investment, but warned that development of necessary human skills also is vital to transform the irreversible thrust of tourism into a "harmonious and socially beneficial force".

Do something about the cost of prescriptions

**PARTICIPATING
PHARMACY**

Ministry of
Health

Ontario

Hon. Frank S. Miller, Minister

You can. Three things, in fact.

1. When your doctor gives you a prescription, ask "Is this the lowest cost drug of its kind?" It's easy for him to check.

2. Take your prescription to a pharmacy which displays the PARCOST symbol. It guarantees just what it says: Prescriptions at Reasonable COST.

3. When your pharmacist fills the order, ask again, "Is this the least expensive one?" He has the PARCOST Index which lists drugs by price.

Saving money beats clucking over high costs.

Sir Sanford College

College qualifying program

A new program allowing adults to complete the admission requirements for post-secondary college courses through full or part-time study during the day or evening has been announced by Sir Sanford Fleming College.

Program co-ordinator Fred Hamblin said the college qualifying program is based on individualized learning systems, meaning timetables can be arranged so students can carry on with their current jobs and at the same time receive instruction that is tailored to their ability and former education.

Anyone 18 years or older who has been out of school a minimum of three teaching months is eligible for the program, although other applicants may be admitted on approval of a joint admissions advisory committee made up of college and secondary school personnel, Mr. Hamblin said.

He pointed out that the program will qualify individuals for entry to any College of Applied Arts and Technology in the province, and is not designed to provide graduates with an Ontario Secondary School Graduation Diploma.

A minimum of four course credits are required by those who are under 19 years of age and are not secondary school graduates, he said.

Those who already qualify for post-secondary College programs because of previous education or mature student status may need from one-half to four qualifying course to ready themselves for the specific post-secondary program of their choice.

There are 17 subjects available through the new

qualifying program, among them sociology, psychology, law, Canadian studies, communications, typing, biology, mathematics, physics, chemistry and bookkeeping, according to Mr. Hamblin.

He said the length of the program would vary widely among individual students, but in general the maximum period required for four courses would probably be two semesters, or 32 weeks.

As in nearly all college programs, attendance will not be compulsory, although periodic checks will be made of students' rates of achievement.

"We assume students attend college because they want to. For our part, we try to make the learning process as interesting and as convenient as possible", Mr.

Hamblin said.

Applicants may start any Monday of the calendar

year, paying \$30 for each full credit and \$15 for each half credit taken.

ONTARIO'S NEW TAX CREDIT SYSTEM:

2 out of 3 Ontario residents who file income tax returns this year will share \$300 million in tax credits.

(Even if they don't pay income tax!)

Families, pensioners, roomers, boarders, the handicapped and others will benefit. Ontario's new Tax Credit System provides for three separate credits, and here's how they work:

1. People who own or rent (including roomers and boarders) may share in the **Property Tax Credit**.
2. People who fill out a Federal income tax return may share in the **Sales Tax Credit**.
3. People over 65 may share in the **Pensioner Tax Credit**.

You must fill out a Federal income tax return. The new purple Ontario Tax Credit Form comes attached inside it. So even if you don't pay income tax, you should still file a Federal income tax return with the Ontario Tax Credit Form this year.

We want you to get your fair share of Ontario's tax credits.

Ontario's **fair share** TAX CREDIT SYSTEM

Obituary

James McCrey

James Roy McCrey, son of the late Alexander and Louisa McCrea of Essonville, born Jan. 23, 1901, died Wednesday Jan. 30, 1974.

James was the beloved husband of Mary Robinson, and loving father of Vernon of Haliburton, Beth (Mrs. G. Madill) of Scarborough, and Marilyn (Mrs. F. Kyle) of

Peterborough. Much loved grandfather of Michael and Paul of Haliburton, Scott, Kathy and Jamie Kryle of Peterborough, and Karen and Kevin Madill of Scarborough.

Also left to mourn the loss of a loving brother are two sisters and one brother Norma (Mrs. Francis Noble) of Wilberforce, Alma (Mrs. John Noble) and Randal, both of Essonville. Four sisters predeceased him several years ago and a brother Gordon of Bobcaygeon in April 1973. Many nieces, and nephews also survive.

For 48 yrs. he resided on a farm in Essonville. Being a very community minded citizen he served the Township Monmouth as school trustee, councillors Reeve, and Welfare Officer. Also was Warden of the Haliburton County for one year.

For approximately 30 years he was postmaster of Essonville and after 25 years of service was awarded a silver pin. In 1972 upon retirement from the postal service he received a "Plaque" to commemorate his many years of faithful service.

In June of 1973 he sold his farm and moved to Haliburton.

Mr. McCrea rested at The John Welch Funeral Home until Friday Feb. 1, at 12:30 p.m. thence to the Gospel Lighthouse Haliburton for service conducted by Rev. Rosch. A solo. "When I've gone the last mile of the way," was rendered by Mrs. Rosch Other favourite hymns "Amazing Grace" "How Great Thou Art" and "I shall know Him," were sung.

Pallbearers were six nephews Keith McCrea of Oshawa, Floyd McCrea of Bobcaygeon, Wayne McCrea of Peterborough, Bryan and Kenneth Noble of Essonville and Ronald Dack of Tory Hill.

Temporary Interment took place at Haliburton. Evergreen Cemetery Vault. Captain Donna Noble, neice of the deceased pronounced the Benediction.

Burial to take place later at Essonville Cemetery.

The many messages of sympathy, floral tributes, donations to the Bible Society. The Gideons, donations received by the family, and prayers offered showed the high esteem in which "Jim", was held.

CONCESSION 2, FOR THE TOWNSHIP OF STANHOPE

NOTICE IS HEREBY GIVEN, pursuant to Section 444 of the Municipal Act, R.S.O., 1970, that the Township Council of the Municipality of Stanhope proposes to consider and, if deemed advisable, to pass at its regular meeting to be held at the Council Chamber, Stanhope, Ontario on Wednesday, April the 3rd, 1974 at 2:00 p.m., a By-Law to Stop Up and Close the following:-

(a) That portion of the original road allowance between Lot 7, Concessions 2 and 3 for the Township of Stanhope, as described in Schedule "SUR A" as follows:-

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope, in the Provisional County of Haliburton, and being composed of part of the Road Allowance between Concessions Two and Three in the said Township, which said parcel may be described as follows:

COMMENCING at the most Westerly angle of Lot 29 according to a plan registered in the Registry Office for the Registry Division of the Provisional County of Haliburton as Number 144;

THENCE North 63 degrees 57 minutes West along the production Northwesterly of the Southwesterly limit of said Lot 29, a distance of 90.37 feet more or less to its intersection with the Southerly limit of Lot 30 according to said plan 144;

THENCE North 69 degrees 08 minutes 20 seconds East along the Southerly limit of said Lot 30, being also the Northerly limit of the Road Allowance between Concessions Two and Three in the said Township, a distance of 223 feet more or less, to its intersection with the Westerly or Southwesterly limit of the 66-foot Allowance for Road along the Southwesterly shore of Boshkung Lake;

THENCE in a general Southeasterly direction along said inner limit of Road Allowance, a distance of 110 feet more or less to its intersection with the Southerly limit of the Road Allowance between Concessions 2 and 3 in the said Township, being also the Northerly limit of Lot 29 aforesaid;

THENCE South 69 degrees 08 minutes 20 seconds West along the Southerly limit of said Road Allowance, a distance of 226.38 feet more or less, to the point of commencement.

AND EXCHANGE the same for a Road Allowance 66 feet in width over Part of Lot 7, Concession 3, more particularly described in Schedule "NOR A" as follows:-

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope, in the Provisional County of Haliburton, and being composed of the Westerly 66-feet in perpendicular width of Lot 63 according to a plan registered in the Registry Office for the Registry Division of the Provisional County of Haliburton as Number 144, which said parcel may be more particularly described as follows:

COMMENCING at the Southwest angle of said Lot 63;

THENCE North 69 degrees 08 minutes 20 seconds East along the Southerly limit of said Lot 63 a distance of 66.00 feet to a point therein being the Northwest angle of Lot 31 according to said plan 1144;

THENCE North 20 degrees 51 minutes 40 seconds West along the production Northerly of the Westerly limit of said Lot 31 a distance of 122 feet more or less, to its intersection with the Northerly limit of said Lot 63;

THENCE WESTERLY along the Northerly limit of said Lot 63 a distance of 67 feet more or less, to the Northwest angle of said Lot 63;

THENCE South 20 degrees 51 minutes 40 seconds East along the Westerly limit of said Lot 63 a distance of 132 feet more or less, to the point of commencement.

THE PURPOSE of closing the above-mentioned portion of the original road allowance between Lot 7, Concessions 2 and 3, for the Township of Stanhope is to permit the exchange of this land for an alternative road composed of part of Lot 7, Concession 3, for the said Township of Stanhope.

AND TAKE FURTHER NOTICE that before passing the said By-law at the Meeting to be held at the time and place above mentioned, the Township Council of the Municipality of Stanhope, shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the Said By-law and who applies to be heard.

Dated at MINDEN, this 26th day of February, 1974.

Gerald Bain, Township Clerk

TODAY'S CHILD

THE TORONTO SUN SYNDICATE

BY HELEN ALLEN

Eric, 8, is a handsome youngster with light brown hair, fair skin and blue-grey eyes. He is sturdily built with broad shoulders and in good health. His ancestors include one Indian and three white grandparents.

A boy who doesn't give many smiles away, Eric is quiet, shy and sensitive. He loves attention but doesn't demand it. He is imaginative and inclined to daydream.

Because of a poor start, Eric is behind in school where he is now in Grade 2. He feels comfortable among his younger classmates, however, because he prefers children younger than himself.

Eric loves the outdoors, especially any activity involving water — swimming, fishing, boating. He likes to ride his bike. Eric is not competitive but enjoys baseball. A major interest is his collection of miniature cars.

Eric should have loving, understanding parents who will help him build self-confidence, will be patient while he learns to trust them — and will not pressure him for academic achievement. Their reward will be a son with affection and trust in his heart — and eyes that do not fear to smile.

To inquire about adopting Eric, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

HE NEEDS A FAMILY

Gems of Truth

THE "I AM" OF THE NEW TESTAMENT

The "Great I Am" of the days of Moses is also the "I Am" of the New Testament. His name is no less important to-day since all mankind needs to be redeemed by someone who is well able to do what He says He will do. Thus When Jesus came among sinful man He could well claim to be the "I Am" that was needed in order to be restored to fellowship with the Creator. John 8:58.

The opening verses of the Gospel according to John set forth Jesus in the clearest term as the "I Am" of former revelations from God. The time had come for the mind of God to be shown clearly to all men. So we read that the "Word" was made flesh. John says that the "Word" was in the beginning with God and the "Word" was God. John 1:1-2.

The "Logos", which is the Greek word for "the Word", means something said or the expression of a thought. A thought is never seen, felt or heard until it has been expressed in word or deed, so Jesus the "Word" was in eternity the unexpressed thought of God. The term which John uses to prove the true identity of the One come to bring salvation to

lost mankind is uniquely his own. John alone mentions the "Logos" as the Eternal Son, which we find in John 1:1, 14; also 1 John 1:1 and Rev. 19:13. From these verses of Scripture we learn that the Lord Jesus Christ, the Son of God is the express image of God, the Revealer and Interpreter of the mind and will of God.

SCRIPTURE MEDITA-

TION: "In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God. All things were made by Him; and without Him was not anything made that was made." John 1:1-3.

FOOD FOR THOUGHT: God stands revealed as the Word is Light and Life to all who seek Him.

Roy Neville to retire

The resignation of Roy Neville was accepted with regret at the Wednesday night meeting of the Victoria County Board of Education. His resignation becomes effective the end of June.

Mr. Neville has taught school in Lindsay for 36 years. He came to Lindsay in 1938 after teaching for five years at Ingoldsby. He has

taught at Victoria Public School and Central Senior School. In 1950 he was made principal of King Albert School and in 1960 he was appointed principal at Central Senior School.

Mr. Neville will retire in Haliburton where he will help his wife with her business, the Educational Magazine service. Mr. Ne-

ville will fill his retirement years with gardening, fishing, and snowmobiling.

During his years in Lindsay he has been active in the Kiwanis Music Festival, the Men Teachers' Federation, past president of the Lindsay Central Exhibition, and a member of the County Teachers' Institute.

Local Real Estate firm members of Metro group

Cooper and Pitts Realtor in Haliburton are a member of a growing organization of real estate brokers called Metro Group.

Metro Group is a group of independent Real Estate Brokers who have worked to provide broad and extensive real estate and other services to their communities. They now service 32 communities throughout Ontario, Quebec, Nova Scotia, Manitoba, Alberta and British Columbia.

Harold Jarvis, newly elected President of the Metro Group, announced that the Group has incorporated as "Nationwide Group Realty Limited." He stated that "Nationwide can now offer to supply management

with research, consulting, purchasing, employee training and development, advertising and advertising research, market surveys, cost accounting programmes, system analysis and programme package development, and can act as data processing consultants." It already has an excellent mortgage - source programme and its referral system is second to none. They expect to expand to cover at least sixty municipalities in 1974.

A seminar was held for the Ontario members and staffs on Feb. 20 when in excess of 150 real estate professionals were present to exchange ideas and participate in group sessions.

Mr. Jarvis announced the Board of Directors as follows: Vice-President, Marty Fitzgerald of Midland; Treasurer, Don Young of North Bay; Directors, Jim Burnett of Cobourg and John O'Reilly of Lindsay.

Mr. Jarvis expressed great potential for 1974 in his address to the Annual Meeting which was held at the Royal York Hotel in Toronto on Friday, Feb. 15, 1974.

In Memoriam

ANDERSON-In loving memory of our dear friend, Jim, who left us on March 8, 1971. It's been three years, dear Jim, Since you were called away; But the years roll by so quickly It seems like yesterday. The happy hours we once enjoyed, How sweet their memory still, But your death has left a loneliness The world can never fill. Always remembered by Glenn, Shirley, Mara, Aldo and Glenda.

BAGSHAW-In loving memory of a dear Father and Grandfather, Thomas Charles Bagshaw, who passed away February 26, 1950. Our family circle has been broken, A link gone from our chain; But though we're parted for a while, We know we'll meet again. Some day we hope to meet you, We shall meet in a better land, And never part again. We shall meet with many a loved one That was torn from our embrace, We shall listen to their voices, And behold them face to face. You are not forgotten, Father Dear, Nor ever shall you be; As long as life and memory last, We shall remember thee. Sadly missed and lovingly remembered by son, Thomas, Marilyn and Lisa.

STAMP-In loving memory of a dear friend, Mrs. Cecil Stamp, who entered into rest on March 7, 1973, a donation of \$10.00 was made to the Whipper Billy Watson Appeal for Crippled Children. Mrs. Mabel Hellems.

In Memoriam

Continued

STAMP-Hattie-In loving memory of a dear mother who passed away March 7th, 1973. One year has passed since that sad day, When God took you away. How I wish that I could say I'm going to see my Mom today. Her welcome smile, her heart of gold, No greater Mom in the world could hold. Loved and remembered by daughter Donelda.

STAMP-Hattie-In loving memory of a dear Mother who passed away March 7th, 1973. Years of striving, little of play, Loving, giving, the whole of the way, A cherished smile, a heart of gold, To the dearest Mother the world could hold, From I who thought the world of you. Forever in my thoughts, Son Lyle.

BAGSHAW-In loving memory of a dear Husband, Thomas C. Bagshaw who passed away February 26, 1950. Always a memory instead of a frown, Always a kind hand when one was down Always true, thoughtful and kind, Wonderful memories are left behind. Loving memory by his wife, Vera.

WOODS-In loving memory of Thomas, February 29, 1972, and Anne, January 25, 1956. You dear parents rest in sleep, Your loving memory we will keep. Remembered by Son Victor, daughter-in-law Frances, and grandchildren Doreen and Vic Jr.

STAMP-Hattie-In loving memory of a dear mother and grandmother who passed away March 7th, 1973. Though tears in my eyes do not glisten, And my face is not always sad, There is never a night or a morning But I think of the mother I had. They say time heals all sorrow, And helps us to forget, But time, so far, has only proved, How much I miss you yet. Sadly missed by daughter Marjorie, son-in-law George and family.

STAMP-Hattie-In loving memory of a dear mother and grandmother who passed away March 7th, 1973. A wonderful mother laid to rest, For each of us she did her best. Her place on earth no one can fill, We miss you mom and always will. Always a smile instead of a frown. Always a hand when we were down. Always true, thoughtful and kind, Wonderful memories you left behind. Forever in our hearts, daughter Sharon, son-in-law Karl, Bernie, and Donnee.

FORMICA-In loving memory of a dear husband, father and grandfather, Eugenio, who passed away March 9, 1968. As time unfolds another year, Memories keep you ever near, Silent thoughts of times together, Hold memories that will last forever. Sadly missed, wife Vittoria and family.

Keeping it clean with Bill Dodds

Power to the people...

One of my neighbors wants to buy his wife an electric make-up applicator, manicure and massage kit, the latest bit of power gadgetry on the market.

He's a sucker for gimmicky conveniences and he's got the most-decorated and best-lit christmas display on the block.

But he's got a problem. If he does get the new gadget, where will he plug it in? He has electric toothbrushes, his and hers electric razors, a hair dryer and an electric hair de-tangler in the bathroom. The bedroom circuits are shared by a clock radio, lamps, television, electric blankets, hair curling set, massage kit, vaporizer and shoe shiner-- all electric.

The rest of the house is the same. The kitchen, aside from the usual power appliances like stove, refrigerator, toaster, mixer, blender, grill and dishwasher has electric frypans, roasters, corn popper, carving knives, can opener and knife sharpener to name a few.

Everything in the house is done with power tools-- housecleaning, washing, lawnmowing, snowshovelling and even drink mixing. Two cars-- both with power steering, brakes, windows and seats share garage space with two snowmobiles and power boat as well as motorbikes for summer. The last I heard, he wants a gasoline-powered pogo stick when they come on the market here.

In his den, when he curls up in front of an electric fire in the imitation-fireplace to listen to his super four channel sound stereo, he curls up in a reclining chair with a power massage built in.

In a corner, there's an electric exercise-reducing machine because the only energy burned in that house is the kind you buy.

But I've been interested in watching him lately. Not because he's a gross user in the face of an imminent energy crisis. Unless we come to rationing, he's always going to have enough money to buy gasoline and power. He has a good income. The rest of us will go short long before he cuts back.

No, the interesting thing is that his wife is expecting. And my wife and I have a bet on whether the kid will be born with a 110-volt extension cord attached or a tag that reads: "Batteries Not Included."

Ontario Safety League tips

Are you a good driver?

So you think you're a good driver? Most of us believe we are! We are also quick to agree that there should be stricter enforcement of traffic laws and regulations by the police. We are in favour of compulsory Driver Education and most of us would recommend tougher Driver Licensing Examinations. That's because we know we are good drivers — it is just that we see so many others who are lacking.

The Ontario Safety League recently received the results of a survey conducted by Young Drivers Of Canada. Research teams in Scarborough and Sault Ste. Marie found that the majority of drivers questioned agreed with the above recommendations. At the same time, the teams observed the driving habits of close to 10,000 drivers and came up with some interesting statistics.

In Scarborough, 73 per cent of the drivers observed did not enter the correct traffic lane when completing a left hand turn, while 50 per cent failed to enter the correct lane when making a right hand turn. Forty-two per cent of all drivers failed to come to a full stop at a red light before turning right; 35 per cent failed to yield to pedestrians in crosswalks at traffic light intersections; 33

per cent failed to signal their intentions to turn; another 32 per cent (39 per cent in Sault Ste. Marie), did not stop behind the pedestrian crosswalk for a red traffic light.

Six common driving situations. We could pat ourselves on the back at the thought that 61 per cent of the drivers observed passed with flying colours. But what about those three thousand, six hundred and forty-three drivers who committed the observed violations. Before pointing a finger, suggests the Ontario Safety League, why not examine our own driving habits.

The Ontario Safety League reminds drivers to keep a window open just a bit during winter driving. Fresh air will help keep you alert and guard against carbon monoxide poisoning, too. If stuck in snow, the snow around the car may pocket the gas and cause it to seep into the body of the car. If you must keep the engine running while standing in

snow, shovel the snow away from around the exhaust for an area of 3 to 4 feet.

Remember, you can't regulate the weather, but you can your driving, says the Ontario Safety League.

Contrary to popular opinion, alcohol does not relax, reports the Ontario Safety League. According to Dr. Eugene LeBlanc, an Ontario Addiction Foundation Scientist, there is not scientific proof alcohol reduces stress, tension or anxiety. Some studies indicate the opposite. Scientists can prove other drugs act as relaxants, but with alcohol: "It's so reasonable, so plausible," says Dr. LeBlanc, "but as a scientist I've had to abandon the theory, because there is no proof."

Don't be a peephole driver, says the Ontario Safety League. Motorists need maximum visibility at all times in winter conditions as even a light snowfall reduces perception considerably. Keep your windows clean...front, rear and sides.

If your brakes aren't working right when you first apply them in the morning, they may have "morning sickness," says the Ontario Safety League. If it takes longer than usual to stop, if your brakes grab or the car pulls to one side, if braking action is erratic, then overnight dew or extremely humid air may be affecting your brakes. The cure is easy. Dry them by applying gentle brake-pedal pressure for a distance of 50 feet — six or seven car lengths — while moving forward at about 10 to 15 mph.

Too many vacation drivers are in too big a hurry to get where they're going or come back from where they've been. They'll take chances.

In an experiment to speed up express bus service in Miami, bus drivers are to be equipped with special transmitters to change traffic lights from red to green as the buses approach the intersections, reports the Ontario Safety League.
